

Disclosure for Programs Leading to Licensure or Certification

Apex Technical School's programs are intended for entry-level positions into the trade that do not require state professional licensure in the states listed below. There may be other licensures/application requirements on a local level or in other states, or for self-employment or more advanced positions, and our training may not prepare you for these. These requirements were accurate at the time of posting.

To view the licensed professions and requirements by clicking on each state below:

[New York](#) [New Jersey](#) [Connecticut](#) [Pennsylvania](#) [Georgia](#) [Florida](#)
